

LILAC CITY PARANORMAL

Who We Are

We are a small, dedicated group of volunteers, led by a Psychic Medium, concerned with getting souls moved on to their next destination with dignity and respect.

We do historical research prior to investigations and use field-tested techniques to document evidence. We do not charge for our services, though donations for equipment are always appreciated.

We were thrilled to raise \$950 at a Paranormal Fundraiser in October 2025 to benefit Summersworth Historical Museum!

I always knew Buddy was special. He's eager to please and has an incredible sensitivity to the paranormal. Often, he sees or hears things before I do. Ever watchful, Buddy stands guard and alerts us whenever a spirit is near—growling only when he senses something darker or demonic. Deeply protective of our entire team, he won't allow anything harmful to approach. With his ability to sniff out spiritual energy and guide us to its source, Buddy has become an invaluable and much-loved member of our paranormal investigation team.

I HAVE BEEN EXPERIENCING THE PARANORMAL SINCE I WAS ABOUT THREE YEARS OLD. NOW, WITH THE ENCOURAGEMENT OF FAMILY AND FRIENDS, I'M USING THESE GIFTS TO ASSIST THOSE IN NEED OF HELP WITH THE PARANORMAL.

I HAVE DEEP RESPECT FOR SPIRIT AND FIND JOY IN HELPING THOSE WHO SEEK UNDERSTANDING, ENLIGHTENMENT AND RESOLVE AROUND THEIR PARANORMAL ENCOUNTERS.

June & September 2025

I recently had Lilac City Paranormal come to my home to do an investigation. The team worked well together, communicating effectively and they were very professional. The group did research before and after investigating to verify everything they had picked up on. They were very respectful of the spirits and my home. I was very impressed with this group. If you need help with the paranormal I highly recommend them!

Personal & Business Sessions over many years

Jenn has exquisite psychic abilities and a very strong sense about her. Her capacity to communicate with the paranormal world and remove negative energies is mind blowing. We've had conversations where she was able to relay information to me about my family members that are no longer with us, information that she would not know without her abilities. I once had a negative spirit/energy in my work office and after she cleansed the area there was a major, uplifting shift in mood and energy. That shift in energy was felt, not only by myself, but by others too. Jenn is the best; she is my go-to for anything paranormal. Thank you Jenn!
